

Product Code – EXL1432A

Description – 14mtr 110v 2.5mm 3 Core 32amp Extension Lead
Max Load 3520 Watts
Suitable For Internal Or External Use

Instructions For Use:

Fully unwind cable prior to use avoiding liquids, sharp edges and locations where it may be trapped or run over. When disconnecting always pull the plug not the cable. You must ensure that the current drawn by the equipment does not exceed the maximum load rating of the cable. Always check the cable including plugs and sockets for damage, if any damage is found then repairs need to be carried out by a qualified person.

Safety Precautions:

Do not exceed the maximum load rating
Do not use near water
Do not use in explosive atmospheres
Store indoors when not in use
Keep away from children
