

Description:

Brought to you exclusively by The Hire Supply Company. With quality construction, operator safety features and a user-friendly design, Dosko walk behind stump grinders are made to meet your tree care needs. Narrow widths ensure transport ease and a unique side discharge frame keeps cuttings away from the machine while grinding. It runs off of a reliable, long lasting Honda engine, and has a 3-in-1 tooth system meaning each tooth can be rotated 3 times before changing, meaning you always have a fresh edge to use. The teeth are fast to change as they don't require allen wrenches, one bolt per tooth and its off.
