

Description:

Introducing the Vonarx powerful single-phase HEPA H13 dust extractors, designed to tackle even the toughest cleaning tasks with ease. With 2 motors each boasting an impressive 1200W, the S2 extractor delivers unmatched performance and efficiency.

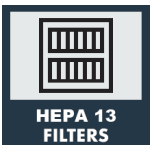

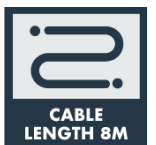

Despite their robust power, the S2 and S3 dust extractors remain conveniently portable, with a manageable weight. Move them effortlessly wherever you need them most.

Available 110V

Product Code: VAS2110

Specification:

- Power Supply: 110v 50Hz
- Plug: 16A 110V IEC60309
- Air Volume: 400 m³/h
- Power: 2400W
- Noise Level: ≤71 Dba
- Vacuum Pressure: 22 kPa
- Filtration: HEPA 13
- Hose Length: 7.5M
- Dimensions: 76.5 x 53.5 x 130 cm
- Weight: 51.8kg

Benefits

- Jetpuls filter cleaning system, simply press to purge the filters.
- 2-stage industrial by-pass motors with soft start.
- Conical polyester prefilter
- Supplied complete with 3-piece wand and 45cm wide floor tool with adjustable rubber blade.
- Integral dedicated storage for supplied accessories.
- 23M Longopac dust collection bags- ensure bag stays sealed for the maximum time to prevent dust re-entry into the environment.
- 8M mains cable to ensure uninterrupted wide area coverage.
